

# From the Ground Up

## Stockman Stoneworks

Locally Owned, Operated & Manufactured Since 2002

Over **90%** of our equipment and materials used in manufacturing our products are made in Missouri and the US.

### It starts with a Dream...

Bring your own ideas, or we'll help you create your dream with personal design service...

- ~ 100's of ideas from our project library
- ~ Showroom displays for an up-close look at our products
- ~ Schedule one-on-one time to design your project.

Support  
Local  
...We Do!

No job too Big or Small...  
Stockman Stoneworks  
can do it all!

We're outside!

### Topsoil & Fill Dirt

Decorative Rock, Gravel & Boulders...  
From a 5 gallon bucket to a dump truck load...  
*you haul or we will haul for you.*

Innovation, Expertise  
& Personal Service...  
all under one roof at  
Stockman Stoneworks!

Pavers, like Aged Cordobay and Rugged Barcelos, are gaining popularity because of their versatility over all other paving materials, their captivating appeal, old world yet classic design, and ease of installation. Eliminates annoying and unsightly cracks.

**BIG NEWS!**  
Stockman Stoneworks is now selling  
Acme Brick & Coronado Stone Veneer  
- manufactured in the US.

Acme Brick specializes in king-sized brick which has a face that is about 20% larger than standard brick reducing construction costs.

Coronado Stone, a leading US manufacturer of stone veneer, is offered in over 40 styles and over 30 colors. Use indoor or out!

Come see our showroom  
and know all your options!

Whether you are a do-it-yourselfer or need a professional installation, **Stockman Stoneworks** can help you with every aspect of the job.

Simplicity blocks, also made in Jefferson City, are dimensional and can be used to easily make columns, quick sitting walls, freestanding walls, benches, flower beds and planters. Simplicity block is tumbled, comes in many colors, and complements our pavers very well.
